## Target Market

### *Description of target market, including likely objectives, financial situation and needs*

The features of this product have been assessed as meeting the likely objectives, financial situation and needs of consumers who:

- meet the Issuer's eligibility criteria, including:
  - being 18 years or over;
  - being a non-resident of Australia living overseas;
  - having a good credit history (minor defaults may be considered satisfactory); and
  - being able to demonstrate the ability to repay the loan over a sustained period of time.
- are:
  - self-employed; or
  - salaried employees;
- require a loan to fund the purchase or refinance of an owner occupied or investment residential property;
- require the certainty of a fixed interest rate for a set period, which converts to a variable rate at the expiry of the fixed rate period;
- require the option to make some additional repayments during the fixed rate period up to a maximum amount;
- require the option of either principal and interest or interest only repayments; and
- require access to features like a redraw facility and/or offset sub-account.

The product meets the likely objectives, financial situation and needs of consumers in the target market because:

- the fixed interest rate provides certainty of repayments during the fixed period, making consumer budgeting easier; and
- this product allows consumers to finance the purchase or refinance of an owner-occupied residential property or investment residential property with the ability to make principal and interest repayments to build equity in the property; or
- this product allows consumers to finance the purchase or refinance of an owner-occupied or investment property with the ability to make interest only repayments and benefit from lower repayments during the interest only period. This may enable consumers to make lower repayments, repay other higher interest debts, or claim tax benefits as an investor.
