Target Market	<i>Description of target market, including likely objectives, financial situation and needs</i> The features of this product have been assessed as meeting the <i>likely objectives, financial situation and needs</i> of consumers who: • meet the Issuer's eligibility criteria, including: ○ being 18 years or over; ○ being an Australian resident or being a New Zealand Citizen that resides in Australia or New Zealand; ○ having a good credit history (minor defaults may be considered satisfactory); and ○ being able to demonstrate the ability to repay the loan over a sustained period of time. • are: ○ self-employed; or ○ salaried employees; or ○ an Australian registered company; or ○ a trustee of an Australian family or unit trust (the beneficiary and Trustee must meet the eligibility criteria of an individual or a company). • require a short-term loan to fund the purchase or refinance of an owner occupied or investment residential property prior to completing the sale or a combination of proceeds and refinance to another lender of an existing owner occupied or investment residential property; • And where: ○ serviceability can be demonstrated on the residual loan amount where borrowers do not meet normal servicing requirements based on existing and proposed debt; or ○ borrowers can demonstrate the ability to make interest only repayments on the proposed bridging loan during the short-term bridging period, or can service the end debt should interest be capitalised. • require a loan for equity release; • require a loan for debt consolidation; • require a variable interest rate; • require access to features such as an offset sub-account; • require flexibility in repayments, and the ability to make early or additional repayments without penalty; and

- require the option of either interest only repayments or interest capitalised.

The product meets the likely objectives, financial situation and needs of consumers in the target market because it enables consumers to:

- make additional repayments and/or deposit funds into an offset sub-account to reduce interest payable whilst retaining the ability to draw on those funds when required; and
- finance the purchase or refinance of an owner-occupied or investment residential property where the sale of their existing property is pending and during this period the borrower can take on an increased level of debt until the sale of their existing property has taken place and the level of debt can reduce to a more sustainable level.

Post-Bridging Loan:

The residual loan upon the sale of the existing property can revert to a standard Prime Full Doc or Prime Alt Doc product with variable or fixed rate interest and principal and interest or interest only repayments available (refer Prime and Alt Doc TMD's).
